

Acct # _____

Public Water Supply District #9
391 N Rangeline Rd
Columbia, MO 65201

Service Line Connection Agreement

I hereby request Public Water District #9 of Boone County, Missouri to connect the undersigned's water service to the new water meter installation of the District located at

We (I) acknowledge that the District does not normally connect the water service line of a customer to the water meter of the District and therefore in consideration of the District making the aforesaid service line connection the undersigned agree that the District shall not be held liable for any water loss or damage sustained by the undersigned as a result of the material or workmanship furnished by the District in making said service line connection.

We (I) further agree to the following terms and conditions in connection with the aforesaid service line agreement:

- A) That the water service line of the undersigned shall be installed by the undersigned at a grade and at a location that is acceptable and approved by the District and shall be installed before the District installs its water meter.

- B) That the water service line material installed by the undersigned within ten (10) Feet of the water meter of the District must be either blue polybutylene (250 psi), polyethylene (200 psi), Type K copper, or PVC Class 200 water pipe and the size of said water service line within ten (10) feet of the water meter shall be $\frac{3}{4}$ Inch or one (1) inch diameter. No glue-on PVC fittings shall be used.

Dated this _____ day of _____, _____.
